

What I do with my body and who touches me is my choice

It is **NOT** okay for anyone to:

- touch or look at my private parts
- make me touch or look at their private parts
- show me rude pictures or take photos of my private parts

If this happens I need to say **NO!**, **GO** to a safe place and **TELL** an adult I trust.

I need to keep on telling until I get the help I need.
